Office Action Summary

sn. 09/535,005
me 1623

Claims 1-20 and 25-27 are generic and have been examined only insofar as the elected species is concerned.

Claims 1-22 and 25-27 are rejected under 35 U.S.C. 103(a) as being unpatentable over Fischer et al (U.S. Patent No. 4,788,055) in combination with Ozaki et al (U.S. Patent No. 5,411,945) for the reasons set forth in the Office Action of September 7, 2001.

Applicant's arguments filed March 19, 2002 have been fully considered but they are not persuasive.

In response to applicant's argument that there is no suggestion to combine the references, the examiner recognizes that obviousness can only be established by combining or modifying the teachings of the prior art to produce the claimed invention where there is some teaching, suggestion, or motivation to do so found either in the references themselves or in the knowledge generally available to one of ordinary skill in the art. See *In re Fine*, 837 F.2d 1071, 5 USPQ2d 1596 (Fed. Cir. 1988) and *In re Jones*, 958 F.2d 347, 21 USPQ2d 1941 (Fed. Cir. 1992). In this case, Ozaki et al disclose in column 2, lines 19-29 that pullulan has a film-forming ability which makes it useful in pharmaceuticals and in column 4, lines 6-21 Ozaki et al disclose that pullulan film can be combined with a variety of substances including a biologically active substance. Therefore, a person having ordinary skill in the art at the time the instant invention was made would have been motivated to combine the pharmaceutical composition disclosed by Fischer et al with the pullulan film disclosed by Ozaki et al.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO

MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
